

Enterprise Risk and Portfolio Management – Model Validation Specialist / Model Risk Specialist

The **Model Validation and Risk Specialist** helps to protect the bank and our stakeholders from unjustified or undue risk. The information that you collect, coordinate and analyze is used to inform key decisions by senior executives and to help us create new products for our customers. Risk management has always been important but as we discover new threats we need more highly motivated Specialists with the curiosity and creativity to uncover new solutions.

The opportunity

Risk management is one of the most important jobs in any financial institution. Early success in your role can lead to a satisfying and challenging career.

You'll be exposed to the breadth of our business because risk management is a company-wide discipline. As a Specialist, your skills are needed in all business units to provide model risk vetting services according to MRV vetting process, Model Risk Corporate Standard, Model Risk Guidelines and principles.

What we have to offer

- Valuable work experience and networking opportunities
- Opportunities to develop relationships with senior leaders across BMO Financial Group
- Commitment to the ongoing development of recent graduates
- Extensive opportunity to develop both hard and soft skills

What makes us unique

- Opportunity to join a world-class leader in a growing field
- On-the-job learning with meaningful work experience, hands-on exposure to industry professionals, and opportunities in our Risk Management Division
- Mentorship from key business leads

BMO Financial Group
