

Summer Camp 2025

The Center for Large-scale Imaging of Neural Circuits (LINC) invites **high-schoolers** to apply to the **virtual LINC + Joy of Coding Camp** for Summer 2025!

ELIGIBILITY

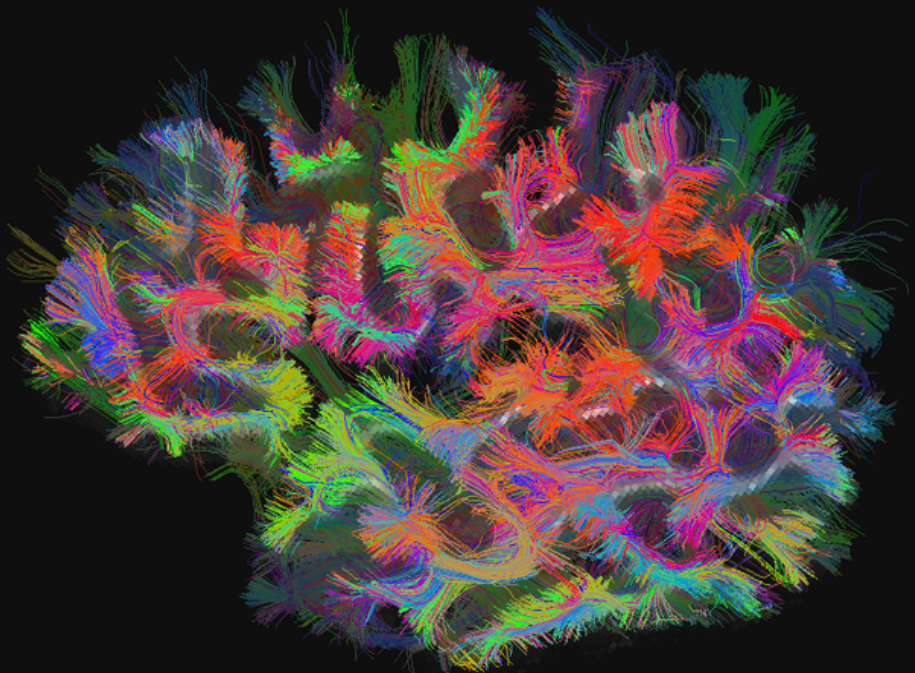

- Must be in **high-school** at the time of application.
- Completed **Algebra 1**

HOW TO APPLY

- **Apply** on our **website** by **March 5th, 2025**
- You'll be notified regarding finalist selection by **late March or early April**.
- Finalists will have **one week** to complete the Joy of Coding **application, pre-screening module, and enrollment form**.

PROGRAM DATES

Jun. 18th - Aug. 8th, 2025

HIGH-SCHOOL STUDENTS: DIVE INTO NEUROSCIENCE & CODING THIS SUMMER AT LINC CAMP!

Explore where computer science meets neuroscience!
This **virtual** summer program introduces students to:

- **Coding in Python:**
 - Build foundational programming skills.
- **Neuroscience Basics:**
 - Understand the brain and its connections.
- **Hands-On Analysis:**
 - Apply your coding skills to real brain imaging data.
- **College & Career Insights:**
 - Learn about the college admissions process and discover STEM careers.
- **Networking:**
 - Connect with peers and professionals.

**BOOST YOUR COLLEGE
APPLICATIONS WITH A
CERTIFICATE
OF COMPLETION**

**NO EXPERIENCE
NECESSARY—
JUST BRING YOUR
CURIOSITY!**
